

SLOW BUOY

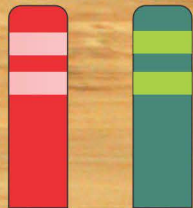

Minimum Wake

DANGER BUOY

Do Not Pass Between Buoys

CHANNEL BUOYS

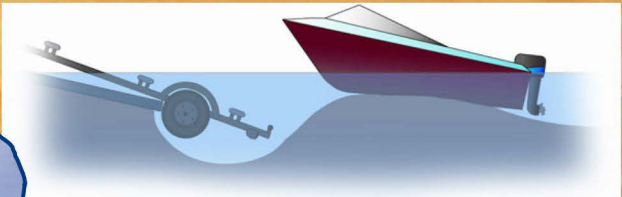

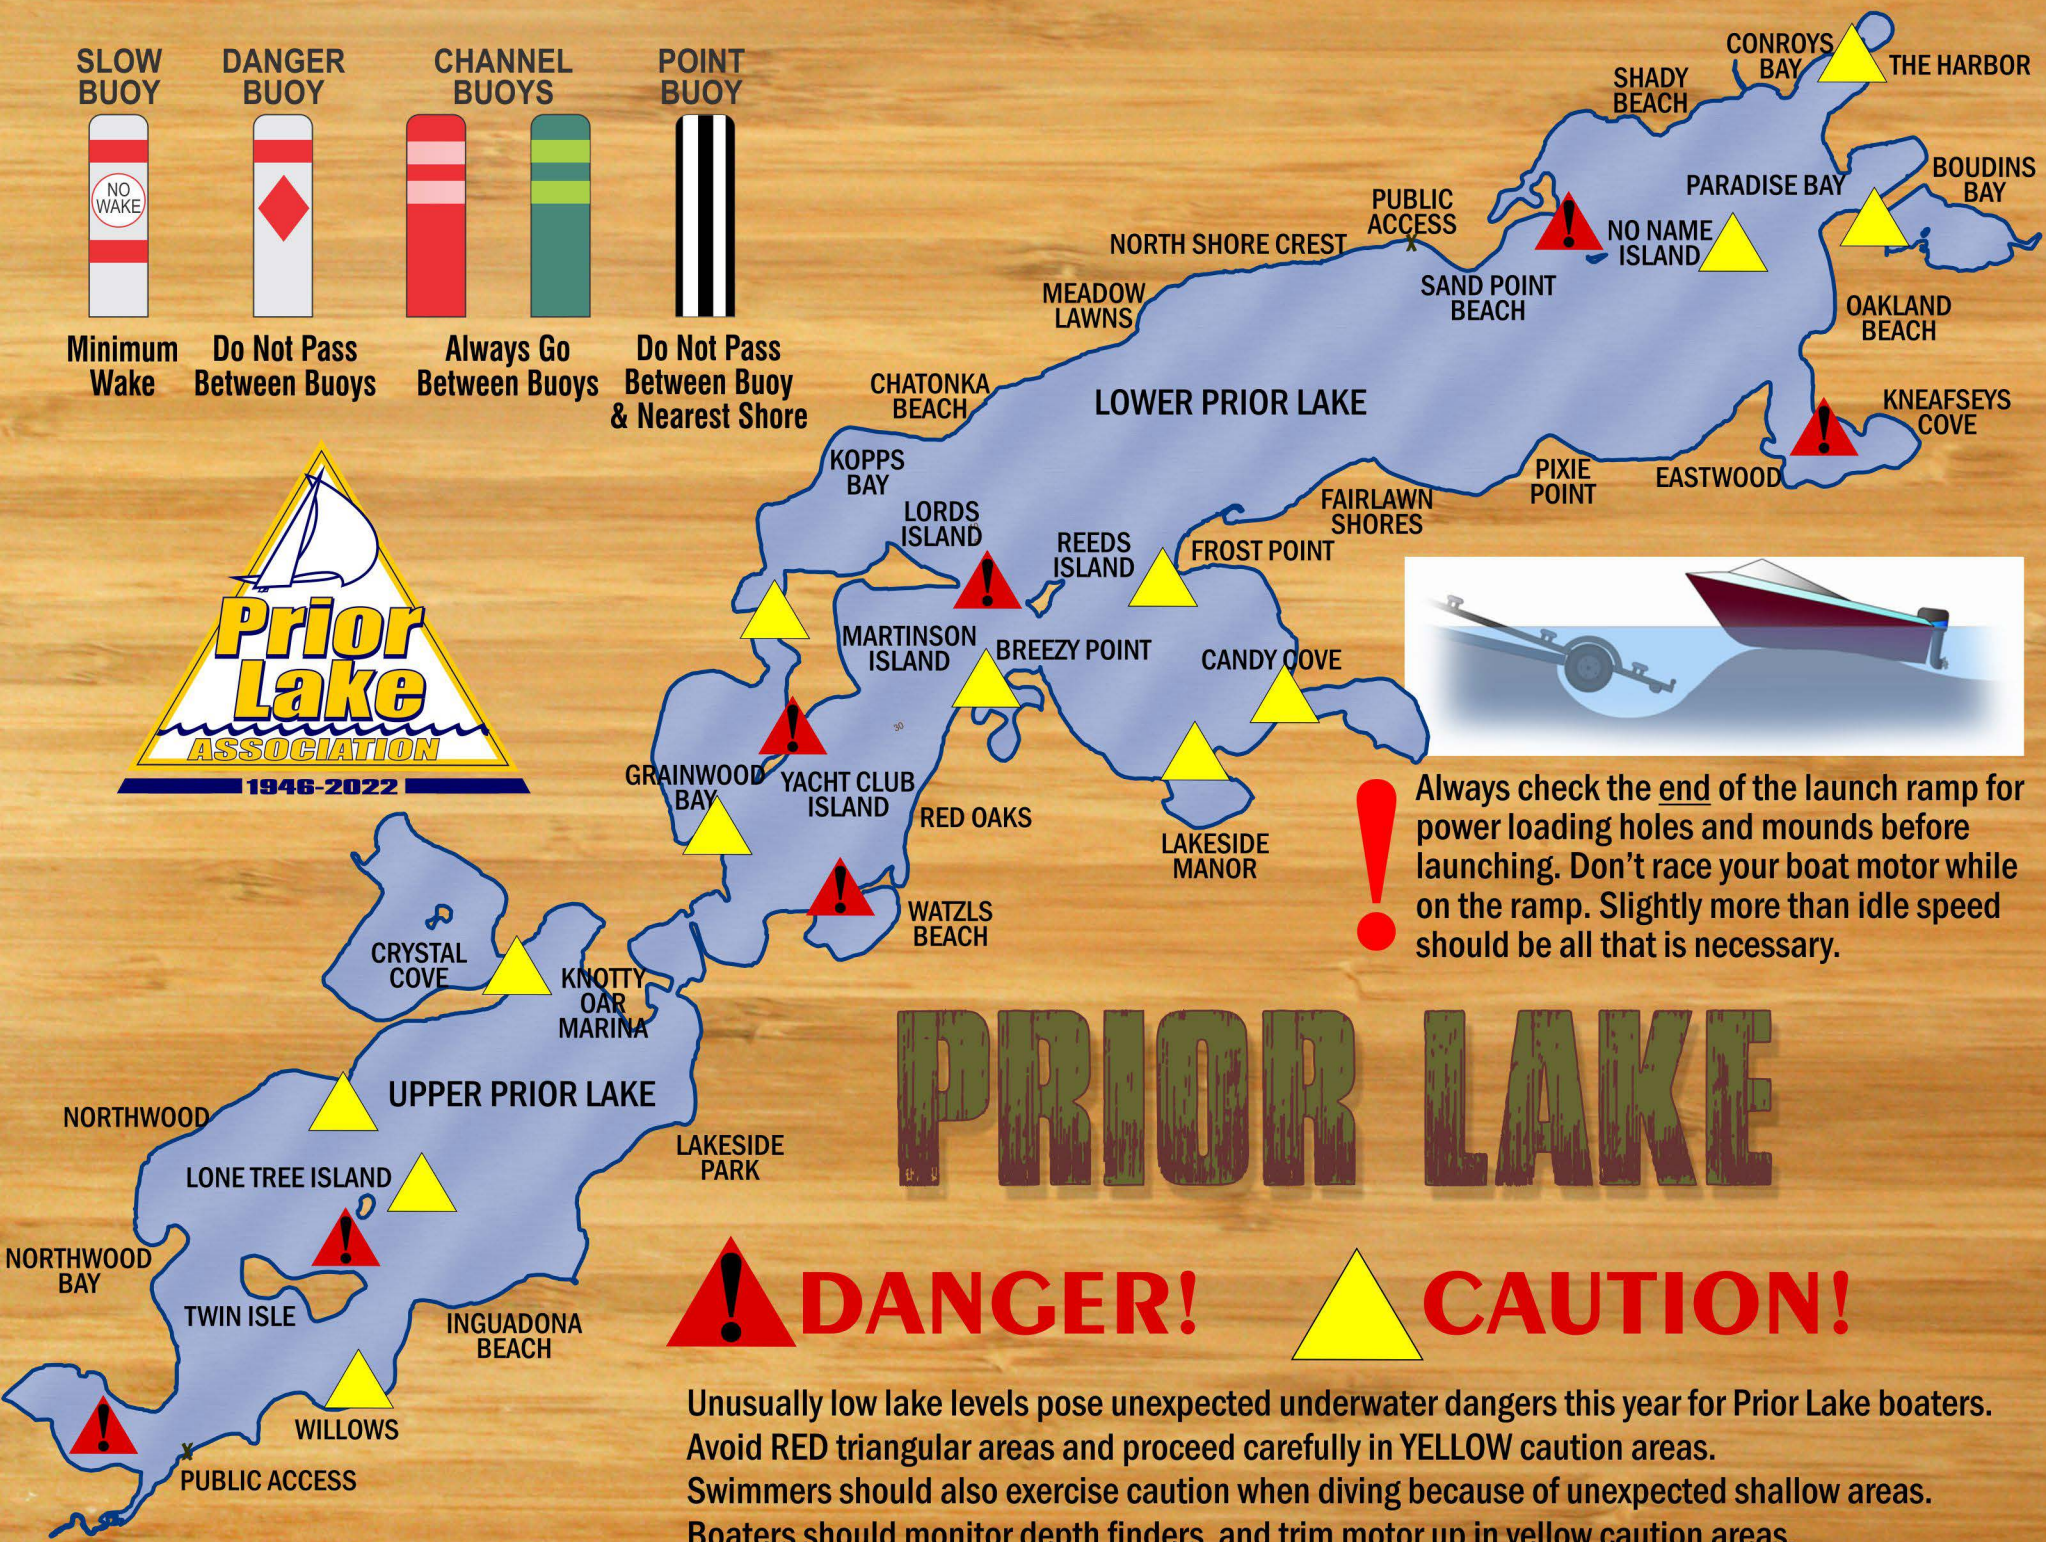

Always Go Between Buoys

POINT BUOY

Do Not Pass Between Buoy & Nearest Shore

Always check the end of the launch ramp for power loading holes and mounds before launching. Don't race your boat motor while on the ramp. Slightly more than idle speed should be all that is necessary.

PRIOR LAKE

 **DANGER!**  **CAUTION!**

Unusually low lake levels pose unexpected underwater dangers this year for Prior Lake boaters. Avoid RED triangular areas and proceed carefully in YELLOW caution areas. Swimmers should also exercise caution when diving because of unexpected shallow areas. Boaters should monitor depth finders and trim motor up in yellow caution areas.
